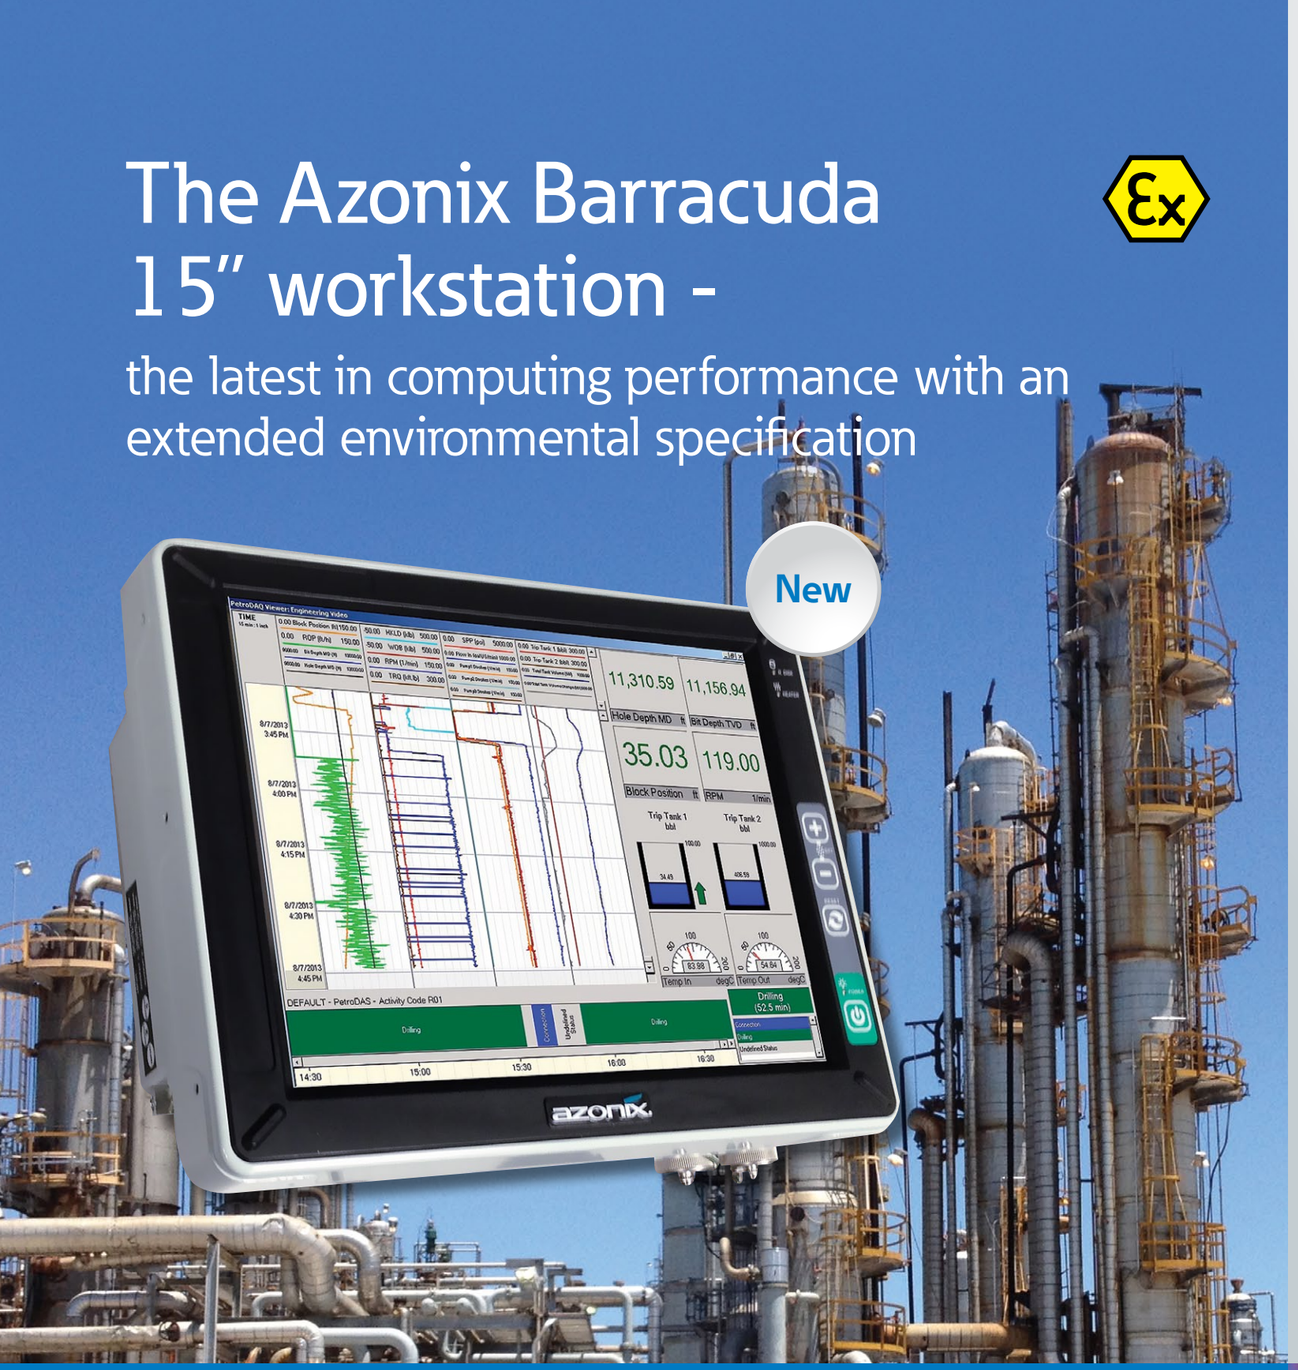
Azonix Barracuda 15” Workstation

Continuously striving for asset uptime while balancing performance with financial sensitivity

Crouse-Hinds
by EATON

The Azonix Barracuda 15” workstation -

the latest in computing performance with an extended environmental specification



The next generation **Azonix Barracuda** workstation offers enhanced features for control and visualization in harsh and hazardous environments. With its ruggedized packaging, increased processing power and low power LED backlit display, the Azonix Barracuda is built to take on the challenges of today’s oil & gas industry and is certified for installation across the globe.

Increasing reliability and availability
Optimizing your productivity
Meeting your plant/rig safety

Key Features

Display
15” LED backlit sunlight readable display for clear viewing in all environments

Touch Screen
Resistive or capacitive touch screen options for various environmental conditions
